Financial Aid Post Deadline Request

This form is necessary if you missed a financial aid application deadline for a specific quarter, but still wish to be considered for aid for that quarter. Please note that deadline information, and information about the steps students must complete to meet a deadline, is available:

1. In Seattle Vocational Institutes financial aid application packet
2. On the financial aid office's bulletin board
3. By calling the financial aid office (206) 934-4977

Complete financial aid files are reviewed in the order in which they are received. **Files that are completed after the deadline may not be processed until after the start of the quarter. All students are required to pay for classes by the 1st class day. An extension is granted until the 10th day of the quarter but there is no guarantee that your file will be reviewed in time to pay tuition.** If you have registered and paid for your classes or received other funding, and are later awarded financial aid grants, you will receive your grants in the form of a financial aid refund through your Higher One card. Notification of whether or not you are eligible for financial aid, the amount of aid you qualify for, and the number of quarters of aid you qualify for will be sent to you via email or U.S. mail after a review of your complete financial aid file.

If you decide not to attend, it is very important that you formally withdraw from your classes prior to the first day of the quarter. Failure to do so may result in you owing money and being declared ineligible for financial aid in the future. If you are registered on or after the first day of classes and are later awarded financial aid, the aid will be applied to your charges, and under the law you will have received financial aid. Because you received financial aid, you will be subject to repayment penalties and satisfactory academic progress policies.
